Summary & Insights

This section summarizes overall loss activity across Auto, Workers Compensation, Property, and General Liability lines.

The inclusion of General Liability shows exposures in third-party claims related to bodily injury and property damage. Overall, the portfolio demonstrates varied risks across multiple lines. Risk management strategies should include driver safety, workplace safety initiatives, property maintenance, and liability controls.

Appendix - Glossary of Terms

Paid: Amount already paid for claims.

Reserve: Funds set aside for anticipated future costs.

Total Incurred: Paid + Reserve.

Status: Current state of claim (Open/Closed).

Loss Description: Summary of the loss incident.

Claimant: The party making the claim under General Liability.
